4 OLD BUSINESS

a) School Art Project
Presenter: Kim Helmer & Raven Long

Ms. Helmer shared a loom that has been assembled. She stated she and Ms. Perricone ordered straps to hold the loom in place and would purchase a bag that will hold these. The bags would have a Town of Clayton logo on the outside. There was mention of modifying a current logo to add the word Art. The bags would be $25.00 per bag. She stated Ms. Long would be ready to go after the bags are ordered. Mr. Martin stated he talked with Ms. Long on the video for this project. It was suggested to show this video at the next meeting. Each bag would contain a folder that would have instructions on the loom and a QR code that would take you to the videos. Mr. Martin stated he would work out the details with Ms. Long. There was discussion that a Public Art Advisory Board member would need to be at the Library when these are returned to make sure these are intact.

b) Greenway Art
Presenter: Tammy Murray & Kim Helmer

Ms. Murray stated she assessed the flowers on the Greenway and it's time to take them down. They didn't hold up as well as they thought, she stated they have only held up for a year and a half and they did not hold up consistently. She discussed all of the prep involved in the project. She stated they are trying to find a new process that would make this more manageable. She shared using coroplast for the next iteration. Ms. Murray stated they would spend the next few weeks making 5 or 6 of these and leave out all winter to see how well they hold up. These would screw on the fence just like the wood ones. One concern is cracking, the coroplast doesn't have as much flex as she thought it may. She stated it would be cheaper and less labor intensive to use the coroplast. Ms. Helmer discussed having rotating pieces of artwork so there would always be new pieces of artwork on the Greenway.

She stated she would like to put a call out to the community on Facebook like last time and allow one per family to design.
