3 ACTION ITEMS

4 OLD BUSINESS

- a) Sculpture Trail Update
Presenter: Sara Perricone, Chair

Ms. Perricone stated all sculptures have been installed. Mayor McLeod interviewed each artist with their sculpture after installation and Nader Aboulhosn, Video Communications Specialist, created videos. Ms. Perricone stated she would send links out to board members of each video. The brochures have been designed and are waiting for one photo to be inserted. A&E Trophy has the information for the plaques and they are currently working on those. QR codes of each sculpture will be printed on the plaques, this code will bring up the video of that particular sculpture. Ms. Perricone stated she has heard positive feedback about this year's trail.

- b) Sam's Branch Greenway Public Art Project Update
Presenters: Kim Helmer, Tammy Murray & John McFadden
- Future Greenway Ideas

Ms. Murray stated besides creating a video of the artwork, this project is complete. They would like to create a video on the Greenway with Mayor McLeod sharing how this project was created and sharing the artwork that has been put up. The idea is to get citizens aware of this project and get folks out on the trail.

- c) Mural Project for Private Buildings Update
Presenters: Kathleen Nobles & Clark Hipolito

Mr. Hipolito stated he would be starting the mural on the Barbour Building for up and coming restaurant Crawford and Sons. This would be the first mural to go through the Mural Application process. The contract has been signed and a deposit has been given. Mr. Pierce has received the application for the mural. Mr. Hipolito is in the process of creating a proof for the building.

Ms. Moffett stated since an action is needed for approval of the mural, a special meeting would need to be held for the board to approval this. Mr. Hipolito stated he would plan on having the artwork approval by June 15th to be able to bring it to the June 21st council meeting. Mr. Pierce asked Mr. Hipolito when the sketch is complete and approved, if he could get an email copy to show the DDA.

- d) New Projects Update
Presenter: Sara Perricone, Chair

Scott Barnard, Parks & Recreation Director, was present to share new ideas he has for the Greenway. Mr. Barnard stated Parks & Recreation are in the works of renovating Municipal Park. He stated he would love to see more art incorporated throughout the town parks. He would like to see an arch structure from the Gateway to the Greenway.

He discussed adding artwork to the crosswalks throughout the town, converting them into piano keys, etc., with each crosswalk having a different theme. He stated there is money available for striping parking lots so he would assume there would be money for this. Once the ideas are more solid the cost would be discussed. There was discussion on painting the sewer lids throughout the town. Ideas discussed were pearls, lady bugs, etc. Mr. Hipolito stated we could get students to help with this project and artists to sign up to display their artwork for free throughout the town.

Mr. Barnard also discussed the new tunnel that has been constructed. He stated we could be intentional about the artwork that is put there rather than dealing with the possibility of graffiti. He would like to figure out a way to encourage the community to participate in this. It was suggested to start in Clayton and possibly go 2 miles upstream from Riverwood. There was further discussion on this project.

Ms. Perricone stated she would like to further talk about this at the next meeting. Mr. Manning suggested to start this project off with chalk to see where it goes. Ms. Perricone asked Mr. Barnard if he would attend the next meeting to further discuss this.
