Mr. Barnard was present and shared additional details regarding a continuous mural of 5.7 kilometers that is located in Canada. It was stated that Municipal Park to the Covered Bridge Road Greenway entrance via that greenway is roughly the same distance. It was stated that we have enough greenway in Clayton to beat the world record. Discussion was had out wanting to reach for that goal our first time out or if we extended it to get folks acclimated to the event on an annual basis. Mr. Hipolito suggested starting off small and building the project. Discussion continued and it was agreed that the new portion of the greenway would be the best location to start. It was stated this event could possibly be held November. Mr. Barnard stated the Parks & Recreation would love

to partner with PAAB to create a small scale event to include some food trucks, water bottles and tee shirts. Suggestion was made to start "planting seeds" at the Square to Square event. Mr. Barnard stated a Halloween event was scheduled to be held on October 30 and perhaps we tie this event into this annual event at Community Park or perhaps into Harvest Festival. It was stated that the Harvest Festival was scheduled to be held at the same time. Ms. Perricone stated she would discuss the possibility with Clayton Chamber to determine if they felt there would be value to include this as part of Harvest Festival. Ms. Murray stated she saw this as a stand-alone event. Mr. Barnard made suggestion that should the hayride have to move a couple of weeks later in the month of November or perhaps the weekend (October 23) prior to Halloween this event could be part of that celebration. Mr. Barnard stated he would check on any other events. There was brief discussion regarding the banners and concerns at the Community Center. We will work on this further.
