Mr. Bailey stated many of the food vendors from previous years would be attending again this year as well as a few new ones. A food vendor list will be provided later.

Ms. Shearin provided and went over the general schedule for the day, which is as follows:

The rides will continue for 30 minutes after the fireworks. Hopefully this will help with traffic backups.

Ms. Shearin stated there was still a need for someone to sing the National Anthem. Mr. Bailey provided a summary sheet of the expenses for the July 4th celebration. The large expenses include the band, stage and the sound system and total \$4,250.00. The additional expenses are watermelon, ice cream and sponsor plaques totaling \$1,100.00. Mr. Bailey stated there would be additional expenses however; these are the high dollar expenses. Revenue to date is a total of \$4,975.00. Notification was just received that Legal Shield would be providing \$350.00 in sponsorship. Additional sponsors have committed, however, funds have not yet been received. Mr. Bailey stated there is still a need for donations for the raffle and bingo prizes. Mr. Lorion provided information should there be an emergency during the event. Due to the field being such a large area, a "field grid" will be used to help determine the location of any emergency that should occur. A map with the "field grid" was provided to each board member. An emergency action plan was provided by the Clayton Fire Department and shared with each board member. Volunteers should contact the command center in the case of an emergency and reference the grid map for the location.

Mr. Lorion stated staff would be provided headsets and radios for communication as well as having their cell phones. A listing of cell phone numbers will be posted at all tents locations. An exit map for traffic flow was provided and Mr. Bailey went over the route. Mr. Lorion provided information about volunteer parking areas and parking passes were provided to members. A parking pass must be placed in the car front window area to be allowed into these parking areas. There was a question regarding minimum age limit to volunteer. Mr. Bailey stated high school and middle school aged children would be fine as long as the child is working with an adult.
